

MEMBERSHIP FORM

Chicago Jobs Council's (Jobs Council) vision is that all people, regardless of where they start or where they've been, can access employment as a pathway out of poverty. The Jobs Council moves people out of poverty through employment using on-the-ground expertise, advocacy, and capacity-building. The Jobs Council's membership includes organizations and individuals who work together to influence the development and reform of public policies and programs designed to move people out of poverty, into the workforce and into better jobs.

Racial Equity Commitment Statement

The Jobs Council recognizes that systemic, institutional and individual racism creates disparities in the way people of color fare in the labor market. We are continuously working to review and update our practices, policies, and procedures using a racial equity lens in order to achieve more equitable outcomes for *all*.
