

# DIGNITY FOR TEMP WORKERS

Special Leaflet

## Join our Know Your Rights Workshops for Temp Workers!

Learn about Stopping Discrimination. . .

If you feel that temp staffing agencies do not hire workers based on their merits but assign workers to jobs based on race, national origin, gender or other biases, you should attend a workshop to learn about how the law protects workers from discrimination.

*Workshops are in English and Spanish. All workers are invited! Topics also include expungement rights and how to defend oneself from illegal background checks.*

Studies show that companies steal more than \$7 million dollars from low-wage workers every week in Chicago. Learn about how to get your full pay!

*Representatives from the Department of Labor, employment law attorneys and other expert trainers will inform you about your rights and can help you act on your complaints. If you are not paid correctly or retaliated against for speaking up, our workshops are for you!*

. . . Learn how to Fight Wage Theft & Get Paid for ALL your Work . . .

Temp Agencies Have to Follow Specific Laws . . . Learn about them!

When workers learn about our rights and take action, we have the power to get real results!
