

# WE'VE HAD A BRIGHT IDEA

## PPP Pop Up Call Center

NONPROFIT ORGANIZATIONS, WE WANT TO  
HELP YOU APPLY FOR THE PAYCHECK  
PROTECTION PROGRAM

### Here's how it works:

Pop Up Call Center Hours of Operation:

April 13 - 17, Monday - Friday, 9am - 1pm; 5pm - 8pm

Register for call center support using [this link](#). You will receive a confirmation email, including contact number for your PPP specialist. Expect to spend about 30 minutes during the initial call, that are available Monday afternoon - Thursday. Our consultants will gather some information from you about your organization, and go over PPP eligibility.

You will receive an email with the PPP application and FAQ. Some of the information may be customized based upon your lending institution.

Once you complete the application and gather documentation (hopefully within 24 hours), schedule a follow up appointment with the consultant. Call the consultant at the allotted time.

During the second and final 30 minute call, the consultant will assist you in reviewing application documents, ensuring completeness and you can ask any final questions you may have prior to submitting the application with your lending institution or other lender. You will submit your application to the lender.

Within 24 hours of the final call, you'll get a survey via text. Please complete it.

Thanks to our generous sponsor
